Hi all... I've gone through the directories I've found so far and come up with a roster of 259 OBCers past and present. Below is the list, alphabetically organized, to date. Anyone running into another old directory that has names not contained here is urged to forward the old directory to me. While I have maintained records of virtually every e-mail since I joined (officially on September 9, 1994... just found the e-mail where Larry introduced me to the group!), I spaced out saving attachments (which is how Larry sent most of the first directories...). FYI, most of them are titled OBCDIR, if that helps anyone searching for titles on an old machine. Take care and thanks for any input... this is a great project!

...Jim

Ken and others...in my hands I hold the original OBC directory, printed on one sheet of 8 1/2x 11 on green paper...included were member names, addresses, collecting interests and the funniest of all, all our old prodigy id's (anybody still remember their's?)...Below is the roster and it was nice looking at it again and bringing back some old memories...here comes the nostalgia...(Btw...this roster was completed well over a year after OBC started--almost two by the looks of it!)

Al Autry (kffb66a)-- I remember trading Al a bunch of Conlon stuff for some HOF plaque cards.

Bruce Barnard (xbrg60a)-- Completed second trade with Bruce...sent him a bunch of late '70s for some mid- '80s Phillies.

Phil Chmielewski(csd19a)-- monter list anyone? His list was truly huge and the biggest in OBC until I went to work on the Phillies monster.

Beau Day(mfxc25b)-- Beau actually lived within an hour of me and we talked on the phone a few times but never actually met.

William Dilbert(hwtt37a)-- I remember Bill collecting kellogs...that is all.

Ryan Distelrath(bxgd66b)--was the second youngest obcer for a number of years--I was youngest until Ryan "The Teenager" Tewell joined.

George Evanoff(vmpb27b)--loved tigers...we seemed to have a lot of tigers collectors over the years.

Frank Forest(vdpn69a)--Frank and I traded often..I sent him a lot of my old basketball for his old baseball dups...I actually met frank a year before obc but he did not join until much later.

Walter Hitchcock(cfng16a)--Wally loved Tom Seaver...I seem to remember conspiring with some other OBCers to get him a Seaver rookie...

David Hornish(djxp04a)-- David is one of three people I blame for starting my Phillies quest...good to see him getting back to being more active. Knows more about Topps than most Topps employees!

Peter Iversen (jbcx21b)-- Peter was in OBC early, then out, then in again...I know he does not remember it, but I remember getting a '72 Phillie from him and realizing he lived 15 minutes from me!

ARTie Johnson(cmkd18a)-- I dont remember Artie too well other than he sent me a list of all t-206 and t-205 phillies.

Jeffrey Johnson(rjsc87a)-- J.J. collected nothing but HOFers.

Rick Keating(npdj92a)--person #2 responsible for the impossible list...suggested I start collecting t-206 phillies.

Todd Knowles(pnmw76a)-- Collects Red Sox...after 10 years we finally met last year at Vegas.

Joshua Levine(dxpp05a)-- sheesh...i did not remember my prodigy account at all!!

Side #2

Mike McCrary(khrw96a)-- Second OBCer from Longview Tx. We traded often.

Len Medeiros(rmnn16a)-- first post on prodigy i saw was a discussion between len and Rick Keating about the merits of J.R. Richard and Don Mossi.

Dan Morrill (jvrg04a)-- also seemed to love the Red Sox...

Michael Morrison (hrrj88a)-- Mickey once sent a bunch of us 1 share of Topps stock...I think the dividends still go to his

home in OK!

Bob Neill (vbjv45a)-- I remember Bob helping me with early post Phillies and odd stuff. Bob also was an instrumental part in helping me start my birth year set (1971) which at the time made a lot of the obcers cringe at the late year of my birth...

Dave Ostroff(mrbw51a)--Dr. Dave knew more about computers and tigers than I did!

Fred Parrow(dwpg35a)-- used to send x-mas cards to obcers (first one I got from an obcer)...I sent his newborn boy a 1992 set...sheesh, his son Ryan (yes named after Nolan) must be getting close to 10 now!!

Robert Sells( cnfs42a)-- Bob loved the orioles...i sent him some early ripkens, he sent me some early schmidts.

Mark O. Shelton (fbtm01a)-- would always teach us Native American words...has been working on the '61 and 57 sets for 12 years!!

Keith Summers (kffb66b)-- like Peter...he was in and out of obc...i do remember sending keith a box of champ summers cards.

Ryan Tewell (hrmj62c)-- The Teenager! Ryan was the youngest obcer after 1 1/2 years. I loved his collecting interest "cards with strange pictures"

Victor Timmons (dwsp42a)-- Vic collected Brooks and other orioles.

Larry Tipton (wfjg04a)-- first obcer met when Larry came to visit his sister in Lancaster...drove around alot and finally found an open store...i seem to recall there was a binder full of cards with back damage that he bought...i bought a t-206 (still have it too!)

Terry Woods (csmj55a)-- Terry is #3 on the blame for the monster...he suggested jokingly that I should collect all phillies...oops...

Bryan Yorkton (mtxg31c)-- Bryan collected Orel...living in L.A. I sent him a lot of Orel stuff--he sent me some neat stuff as well!!

That is it...31 members after nearly 2 years...There are some other members I remember...but that will be another e-mail

-Joshua

Here is the first OBC directory I could find since I joined (there was probably 1 earlier in October or November sitting on my sister's old computer down in PA which I was using when I originally joined the group...)
